What is a 'Gadget Shop'?

Well, firstly a 'Gadget Shop' is **HASSLE FREE**.

A 'Gadget Shop' is designed to help your school generate the maximum possible income from fundraising activities.

When you select your chosen shop size (see below for details) we will send you a 'Gadget Box' full of gadgets, gizmos, curiosities, toys and games that can be sold at your school. A 'Gadget Shop' can be run during break times, lunch times and after school, as well as during the school day.

BUT a 'Gadget Shop' is much more than just another fundraising activity!

A 'Gadget Shop' is also linked to aspects of the Primary Science Curriculum. Each gadget, gismo, curiosity, toy or game is interactive and requires children to 'do something' and become part of science in the real world. Additional activities also encourage entrepreneurial behaviour and skills development in KS2.

A 'Gadget Shop' is aimed primarily at children of a Primary School age.

A 'Gadget Shop' has three simple, yet fundamental, aims:

No.	Aim	Checklist
1	A 'Gadget Shop' is designed to help your school to fundraise in a fun and interactive way whilst developing a curiosity for science and the world around us.	✓
2	A 'Gadget Shop' is designed to be high quality and HASSLE FREE (We operate a two click system here at <i>Inspire Science Education</i> ; the first click is to order your 'Gadget Shop' and the second is to turn on your kettle, for a well-deserved cup of tea or coffee!)	✓
3	A 'Gadget Shop' is designed to support learning with the Primary Curriculum for Science as well as encouraging entrepreneurial behaviour and skills development.	✓

Why should my school host a 'Gadget Shop'?

There are millions of great reasons why your school should play host to the weird and wonderful world that is presented through a 'Gadget Shop'. But here are our top five favourite reasons to join the revolution...

No.	Benefit	Checklist
1	A 'Gadget Shop' will help fundraise vital monies for your school.	✓
2	A 'Gadget Shop' offers a superb selection of child friendly gadgets and gizmos to excite young minds .	✓
3	A 'Gadget Shop' helps to develop children's understanding of the Primary Science Curriculum .	✓
4	A 'Gadget Shop' helps to develop entrepreneurial skills and attitudes .	✓
5	A 'Gadget Shop' is exceptionally good fun and interactive . It provides the perfect 'WOW' to your science activities in school.	✓

How does a 'Gadget Shop' support fundraising?

(Ah ha! Here's the magical bit...)

No.	Fundraising Solution	Checklist
1	Firstly, through the sale of gadgets, gizmos, curiosities, toys and games your school is guaranteed to make up to 50% profit on EVERY SINGLE ITEM that is sold. If you choose the MINI kit (£199), you'll make up to £400+ (that's £200+ Profit!)	✓
2	Secondly, the FREE GIFT supplied with every 'Gadget Shop' can raise additional funds through a 'Gadget Raffle' at no extra cost to your school. 100% of the profits go directly to your school and you don't even have to fork out for a prize!!!	✓
3	Thirdly (and perhaps most importantly), a 'Gadget Shop' can help to raise awareness of, and excitement surrounding, your school's fundraising activities. By using the FREE resources in the days leading up to your event a significantly increased profit can be made as children purposefully bring in additional monies to spend on your stall.	✓

For further information please visit:

www.inspirescienceeducation.co.uk

Does a 'Gadget Shop's' size really matter?

Getting the right size delivery can make or break your 'Gadget Shop'; having too much stock is wasteful (although you can easily store items for future events). But, more importantly, no one wants a group of disappointed children when your stock sells out.

Use the table below to determine which size shop might be best suited to your school...

Shop Name	No. of Items	Recommended School Size
MINI ★	248 GADGETS	Up to 120 pupils
MAXI ★★	496 GADGETS	121 - 240 pupils
SUPERNOVA ★★★	744 GADGETS	241 - 360 pupils
HYPERNOVA ★★★★	992 GADGETS	361 - 480 pupils
OMEGA ★★★★★	1,240 GADGETS	481 - 600 pupils
COSMOS ★★★★★★	1,488 GADGETS	601+ pupils

Speculate to Accumulate: the profit margin

The table below shows how much a 'Gadget Shop' costs and the amount of **profit** that will be generated for your school.

Please remember that the **FREE raffle prizes**, worth at least £20, can significantly increase the monies raised on the day. The '+' sign is shown next to the school profit as all prices are only recommended. Some schools may wish to sell their items for a greater price.

As well as the obvious financial gains, there are many other reasons why your school should host a 'Gadget Shop'. See the relevant section for details.

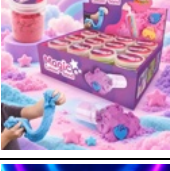

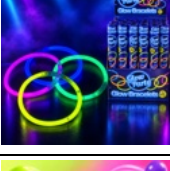

Shop Size	No. of Items	School Purchase Price	School Sale Price	School Profit
MINI ★	248 GADGETS	£199 (with £1 of FREE stock)	UP TO £400+	£200+*
MAXI ★★	496 GADGETS	£399 (with £2 of FREE stock)	UP TO £800+	£400+*
SUPERNOVA ★★★	744 GADGETS	£599 (with £3 of FREE stock)	UP TO £1,200+	£600+*
HYPERNOVA ★★★★	992 GADGETS	£799 (with £4 of FREE stock)	UP TO £1,600+	£800+*
OMEGA ★★★★★	1,240 GADGETS	£999 (with £5 of FREE stock)	UP TO £2,000+	£1,000+*
COSMOS ★★★★★★	1,488 GADGETS	£1,199 (with £6 of FREE stock)	UP TO £2,400+	£1,200+*

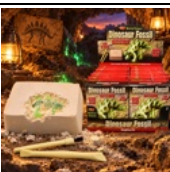

Notes:

- 1) The selling price is only a recommendation; it is at the discretion of the individual school to decide on final selling prices.
- 2) School profit includes monies generated through a FREE raffle prize.

So, what's included in a Science 'Gadget Shop'?

Item Picture	Item Name	School Purchase Price	Suggested Selling Price	Current Price from a popular online retailer	MINI	MAXI	SUPERNOVA	HYPERNOVA	OMEGA	COSMOS

PROFIT PROTECTION GUARANTEE

Run your Science Gadget Shop with confidence.

We want schools to feel completely confident when choosing a Science Gadget Shop.

That's why qualifying Science Gadget Shops are protected by our Profit Protection Guarantee.

Your school is protected.

If the total takings from your event do not cover the cost of your Gadget Shop kit, we'll refund the difference.

So, you can concentrate on creating an exciting science experience for your pupils — without worrying about your school losing money.

HOW IT WORKS

1. Choose the right kit for your school

Select the Gadget Shop size recommended for the number of pupils taking part.

2. Run your Science Gadget Shop

Use the included posters, price lists, parent communications and event guidance to help make your event a success.

3. Your profit is protected

If your qualifying event takes less than the cost of your Gadget Shop kit, simply contact us and we'll refund the shortfall.

NO LOSS. NO WORRY. MORE SCIENCE.

Your school gets an exciting, ready-to-run STEM event, with the opportunity to raise valuable funds — and the reassurance of our Profit Protection Guarantee.

Unsold gadgets? No problem.

Any remaining products belong to your school and can be saved for future events, used as prizes or rewards, or incorporated into future science activities.

PROFIT PROTECTION. BUILT IN.

Added Value:

As well as providing great value for money, a 'Gadget Shop' also provides great educational value as well!

Because we supply our products to schools right across the country we can offer you the very best wholesale prices. Any savings can be passed directly to our customers (you) allowing your school to make the maximum possible profit from your 'Gadget Shop'.

Of course, the value of a 'Gadget Shop' goes far beyond the funds raised for your science budget or PTA. If just one child is inspired to delve deeper into the world of science, then we believe our mission has been successful. However, we know from experience that a 'Gadget Shop' can get your school literally **buzzing** with **scientific excitement** both before and after the event.

The entrepreneurial activities that accompany and complement each 'Gadget Shop' allow pupils to develop key business skills and develop a sense of ownership over their schools fundraising activities.

FREE Raffle Prizes - in EVERY Kit...

Shop Size	FREE Raffle Prize 1	FREE Raffle Prize 2	Number of FREE Raffle Prizes	Value of FREE Raffle Prizes (RRP)
MINI ★			2	£20+
MAXI ★★			4	£40+
SUPERNOVA ★★★			6	£60+
HYPERNOVA ★★★★			8	£80+
OMEGA ★★★★★			10	£100+
COSMOS ★★★★★★			12	£120+

The Primary Curriculum for Science:

So, how exactly does a 'Gadget Shop' support the Primary National Curriculum?

The gadgets contained within a 'Gadget Shop' are all science based. They offer children the chance to take part in an interactive and fun activity, which is sometimes quick or sometimes takes place over an extended period of time.

A 'Gadget Shop' really comes alive when teachers themselves purchase items to be used in their classrooms. Children then get an appreciation for how science impacts on the world around them, rather than seeing it as merely a subject taught in schools.

A 'Gadget Shop' will allow learners to explore the world of science on their own terms, in their own time. Exploration and investigation are the best ways to instil a love for a subject. 'Gadget Shops' help to bring the science curriculum to life!

www.inspirescienceeducation.co.uk

Do we get anything else?

In a simple, one word answer....yes, you do get something else. In fact, you get a lot of extra 'something else's'.

No.	Extra	Checklist
1	2x FREE raffle prizes (in a MINI Science Gadget Shop) worth at least £20; up to 12x FREE raffle prizes in a COSMOS Science Gadget Shop, worth £120	✓
2	FREE lesson plans, assembly plans and STEAM activity cards for KS1 and KS2	✓
3	FREE activities to encourage entrepreneurial thinking and skills development & FREE marketing suggestions and materials	✓
4	A FREE poster to advertise your 'Gadget Shop' and a FREE Price List	✓
5	FREE ongoing support	✓

How to Order

To place an order, please follow the instructions below.

For further information and support please visit: www.inspirescienceeducation.co.uk

Ordering a 'Gadget Shop' from Inspire Science Education couldn't be simpler, just follow these five easy steps...	
1	Visit our online shop: www.inspirescienceeducation.co.uk
2	Add your chosen 'Gadget Shop' type and size to your basket.
3	If you wish to pay later via invoice (30-day terms), select 'OFFLINE PAYMENT' at checkout.
4	Flick the kettle on for a well-deserved cup of tea or coffee. Give yourself a pat on the back whilst you imagine all the fun scientific learning that is going to take place at your school this year.
5	You'll receive a magical box of gizmos and gadgets directly to your school!
