GADGET SHOP

WHAT IS A SPACE GADGET SHOP?

- A ready-to-run space event packed
- with exciting products that children love.

A Space Gadget Shop is a fun and engaging event for primary schools.

We provide the space products, posters and promotional materials you need to run a successful event. Children love exploring the products, and schools can raise valuable funds at the same time.

➤ IT'S AS EASY AS 1, 2, 3! ➤

CHOOSE YOUR KIT

Pick the kit size that best suits your school and number of pupils.

WE DELIVER EVERYTHING

We send all the products, posters, price lists and guidance — ready to run.

RUN YOUR EVENT

Set up your shop, the children explore and enjoy, and your school benefits!

WHY SCHOOLS LOVE IT

A simple, exciting way to bring space to life across your whole school.

Inspires Scientific Curiosity

Children explore exciting space products that spark questions, conversations and enthusiasm.

Creates Whole-School Excitement

A memorable event that children talk about long after the day has finished.

Easy to Organise

Everything arrives ready to run, with products, posters, price lists and simple guidance included.

Optional Fundraising Opportunity

Schools can raise valuable funds whilst giving children a fun space experience.

“

The children absolutely loved it. The event created a real buzz around space across the whole school.

”

downloadable resources,
free with every
Gadget Shop order.

Friendly support is included before, during and after your event.

More than just a box of gadgets —
a **complete, ready-to-run space event**
for your school.

TRUSTED BY SCHOOLS

Don't just take our word for it —
here's what schools say about our Gadget Shops.

Children loved the products

Kids absolutely loved the products on offer. They were extremely reasonably priced, the school made a small profit, and it was wonderful to see children so engaged and enthusiastic.

Jamie Thorpe, Class Teacher
St Stephens CE Primary School, Bradford

A good variety of items

Our children thoroughly enjoyed running their own Gadget Shop at lunchtimes. The Gadget Shop had a good variety of items and was reasonably priced.

Barbara Southam, School Business Officer
Wirksworth Junior School, Wirksworth

A roaring success

Our Gadget Shop was a roaring success and really helped to create excitement across the school. All items sold out incredibly quickly — we must order the largest bundle next year!

Matthew Smyth, Year 6 Teacher
Hardy Memorial Primary School,
Armagh, Northern Ireland

So successful we ordered bigger

For the past few years I have been ordering a Gadget Shop for our school. It has been so successful that last year I ordered a bigger one and sold everything.

Alison Copeland
Bluecoat C of E Junior School, Durham

**Trusted by primary schools across
the UK, Ireland and beyond.**

FREQUENTLY ASKED QUESTIONS

Clear answers to the questions schools often ask before running a Space Gadget Shop.

1. What is a Space Gadget Shop?

A ready-made space event for primary schools. We provide exciting space products, posters, price lists and simple guidance so your school can run a fun, hands-on event.

2. Is it mainly for fundraising?

It can be. Many schools use it as an optional fundraising opportunity, but it also works brilliantly as a STEM enrichment activity, Space Week event or whole-school space celebration.

3. What is included?

Each kit includes space products, promotional materials, price lists, setup guidance and support. The aim is to make the event simple and stress-free.

4. Which kit size should we choose?

Choose the kit that best matches your pupil numbers. MINI is for up to 120 pupils, MAXI is for 121–240 pupils, and larger packages are available for bigger schools.

5. How long does it take to set up?

The event is designed to be quick and easy to organise. Products and materials arrive ready to use, so staff do not need to spend hours preparing resources.

6. Who can run the shop?

Schools often run it with staff, a PTA, older children or a Student Council. It can be part of a space fair, run at break time, after school or during a special event.

7. How do children pay?

That is up to your school. Some schools collect orders in advance, some run a cash stall, and others use their own payment systems. We provide materials to help you plan it clearly.

8. What happens after we order?

You choose your package, place your order, and we deliver everything your school needs. You then set up the shop, run your event and enjoy the excitement it creates.
